

# DIEBOLD OPTEVA® 562 THROUGH THE WALL CASH DISPENSER

Heightened revenue-generating opportunities featured in a streamlined footprint to enhance user experience

**Ultimate reliability** – Opteva® technology delivers one of the highest levels of uptime in the industry. That means consistent convenience for your customers and peace of mind for you.

**Full-feature design** – The Opteva 562's rich design offers several revenue-generating features. Its two-colour document printer, barcode reader and alphanumeric keyboard heighten your customers experience and provide you with an opportunity to increase revenue.

**Maximum availability** – Ensure maximum availability with Opteva 562's five-cassette capacity, which is supported by intelligent modules that forecast maintenance needs so you can respond proactively.

**Multi-channel software** – Agilis®, Diebold's high-performance solutions platform, performs in a cross-vendor environment and connects to Web applications, back-office systems and other customer channels to maximise your brand, personalise transactions and deploy new functionality quickly.

**Simplified service** – The intuitive operator interface provides easy-to-use maintenance options that put analysis and diagnostics of your ATMs at your fingertips.

**Security solutions** – The enhanced security features integrate the latest in fraud-prevention technology to reduce your exposure while offering your customers an enhanced sense of security.

## Peace of Mind is Priceless

For the highest level of reliability and continuous accessibility from your ATM channel, put your trust in a proven leader. Diebold technology operates easily, profitably and securely, so your channel runs as efficiently as possible. Our self-service solutions provide maximum durability for high return on your investment. Diebold Opteva® hardware and Agilis® software platforms were designed with an eye toward the future by ensuring upgradeability and delivering tomorrow's self-service terminals today.

Enjoy the peace of mind only Diebold technology delivers. From ease of installation, to the latest in security features and maximum availability, Diebold offers reliable solutions that boost profitability. Choose dependability. Choose Diebold.

## Opteva 562 Features

### Architecture:

- Designed to meet international accessibility guidelines
- Compact terminal design offers the most functionality for the footprint size
- Through-the-wall collar allows retrofits to walls up to 330 mm (13 in) thick
- Fully RoHS compliant

### Display options:

- Attention-getting graphics delivered via a 15.1-inch colour consumer LCD display increase advertising and cross-selling impact
- Touch-screen options with or without function keys
- Sunlight viewable and privacy filter options

### Enhanced Operator Interface:

- An adjustable alphanumeric keyboard and integrated pointing device streamline service
- Complete analysis of the ATM as well as a variety of diagnostics and other service benefits provided via a 10.4-inch colour LCD rear monitor

### Enhanced Security:

- Features include fraud-resistant dispenser and card reader, consumer awareness mirrors, encrypting PIN pad, security camera and lock options, duress alarm and optional currency ink staining system

### Advanced Function Dispenser (AFD):

- Increased capacity throughput and efficiencies via two to five multimedia cassettes
- Divert cassette with separate retract and divert compartments
- Proven friction pick technology

### Printer Options:

- Easy reading and marketing opportunities with the industry's first two-colour, high-resolution graphical thermal receipt and document printers
